STI SINGLE-GANG PROTECTIVE COVER

PRODUCT OVERVIEW
Inexpensive and highly durable, this cover with continuous piano style hinge can be used in a wide range of applications. It can take hard knocks in stride while protecting push buttons, electrical switches, digital keypads, electrical outlets, smaller-size pull stations, biometrics and volume or lighting controls to name a few. The cover, hinge and frame are molded of super tough polycarbonate material. Comes complete with installation screws.

BACKED BY A THREE YEAR GUARANTEE
As all STI protective covers, the Single-Gang Protective Cover is backed by a three year guarantee against breakage in normal use. It is also highly cost effective and easy to install.

KEY FEATURES

General Information
· Protects against both vandalism and accidental damage.
· Helps stop ice and snow from making keypad units difficult to operate.
· Three year guarantee against breakage of polycarbonate in normal use.

Design
· Can take hard knocks in stride.

Construction
· Molded from tough polycarbonate material.

Installation
· Fast, easy installation.
· Cover includes mounting frame.
· Mounts directly through product mounting plate to electrical box.
· Cover comes complete with piano hinge, mounting plate and hardware.
· Typical working properties of polycarbonate are -40° to 250°F (-40° to 121°C).

Options
· Many uses include protecting push button units, smaller-sized pull stations, keypads, electrical outlets, volume or lighting controls and shutdown switches.
· Can be secured with Break-Away Seal Kit (SUB-65).
